

Drew is a couple of months into the leadership development program. Here's a snapshot of her IT Skill Builder development plan so far...

- TIP 1: She's added her Mentor and Sub-Cohort meetings using the Custom Item feature in order to track them as part of her program plan
- TIP 2: She's picked 3 skills to focus on (based on her assessment reports and conversations with her manager and her mentor)

Get started on your plan - [Go to IT Skill Builder](#)

Title	Competency	Added On	Due/Completed Date	Progress	Key Learning
Meeting with My Mentor	Custom Item		<input type="text"/>	In Progress	Mark Complete?
